Re: Liberty (Litchfield Park Water and Sewer) Corp. - Docket No.  
W-01427A-14-0134; Application for Extension of Water CC&N

Dear Ms. Chuckwu:

Based on discussions with Arizona Corporation Commission Staff, Liberty Utilities (Litchfield Park Water and Sewer) Corp. ("Liberty") agrees that a suspension of the sufficiency review for the above-referenced application is appropriate until the company files the related application for an extension of its existing wastewater Certificate of Convenience and Necessity ("CC&N"). As you are aware, the water CC&N extension application was filed on April 17, 2014.

Liberty is committed to filing the wastewater CC&N extension application within the next three to four weeks. Once filed, Liberty will move to consolidate the two applications which together, should provide Staff with a comprehensive overview of plans to extend both water and wastewater utility service to the Marbella Ranch property. We understand that by temporarily suspending the water CC&N application and forgoing sufficiency review at this time, Liberty and Staff agree that a concurrent review of both water and wastewater plans will save time and effort.

Should you have any questions, please do not hesitate to contact me at your earliest convenience.

Sincerely,

Patrick J. Black
